# decoplast

# **DECOWALL FRS**

SHEATHING (BY OTHERS) DECOPLAST LIQUID OR SPEEDCOAT WATER-RESISTIVE & AIR BARRIER COATING CODE COMPLIANT PAPER OR FELT WATER-RESISTIVE BARRIER DECO-LATH PER ASTM C1063 (OPTIONAL -EXPANDED METAL LATH) CASING BEAD WITH OPTIONAL WEEP HOLES CLOSED CELL BACKER ROD & ELASTOMERIC SEALANT DECOWALL FIBER REINFORCED SANDED STUCCO (OPTIONAL - DECOPLAST MESH EMBEDDED IN DECOPLAST BASECOAT. SEE NOTES) **DECOPLAST PRIMER (OPTIONAL)** DECOPLAST TEXTURED FINISH (ALTERNATIVE FINISH OPTIONS SEE NOTES) DECOPLAST SHEATHING JOINT TAPE EMBEDDED IN DECOPLAST WATER-RESISTIVE & AIR BARRIER COATING

# DE1.01A DECOWALL FRS EXPANSION JOINT

## DECOPLAST DECOWALL FRS 6/1/2016

### NOTE:

- 1. To ensure a continuous air barrier across the building envelope, a continuous air seal should be made at each substrate change, joints/gaps, penetrations and dissimilar material terminations. There must be consideration of the Designer in the overall wall assembly design.
- 2. Stucco Claddings and any cladding using a mortar bed requires the use of a slipsheet installed over the Water-Resistive & Air Barrier Coating to prevent adhesion of the stucco.
- 3. Refer to Decoplast specifications specified basecoat product & thickness
- 4. Optional Decoplast Mesh embedded in Decoplast Basecoat may be applied over DECOWALL Fiber Reinforced Sanded Stucco to help bridge spidering.
- 5. Optional textured finishes: Decolastic, Deco250 and DecoSil.

Disclaimer: The design, specifications, and construction shall comply with all local building codes and standards. Decoplast installation guidelines are for general information and guidance only and Decoplast specifically disclaims any liability for the use of this design, and for design, engineering, or workmanship of any project. The assembly shall be designed to prevent condensation within the assembly. The designer and the user shall provide final drawings and specifications. Products shown other than those manufactured by Decoplast are shown for clarity of the Decoplast product only. Contact the manufacturer of such other products for installation instructions.
