

EIFS

A pattern of success.

UNIVERSAL

About Us

Our expertise ranges from a traditional brick pattern to an extremely imaginative design. Being recognized as the preferred stencil manufacturer in the industry is rooted in our core values: listening to our clients, understanding the project, delivering a quality product, and providing legendary customer service. Whether one box or three hundred boxes, we treat every customer with gratitude and a positive attitude.

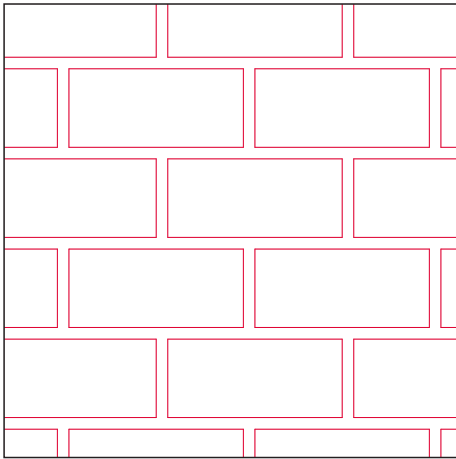

EIFS stencils are available in a variety of brick and stone patterns. We offer .023 and .060 stencil thicknesses. Our plastic EIFS stencils are one-of-a-kind and do not delaminate when wet.

If you have a large project and need a specific pattern you don't see in our brochure, we can take the guesswork out of doing the task. We can help you design a custom die made specifically for your project.

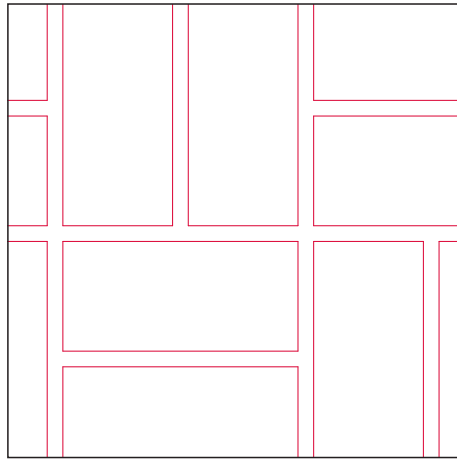

All of our products are proudly made in the USA

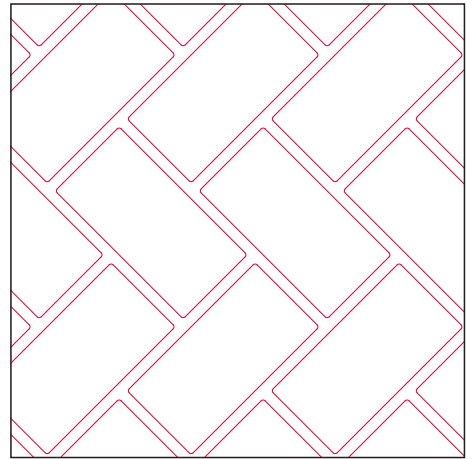

EIFS Stencils

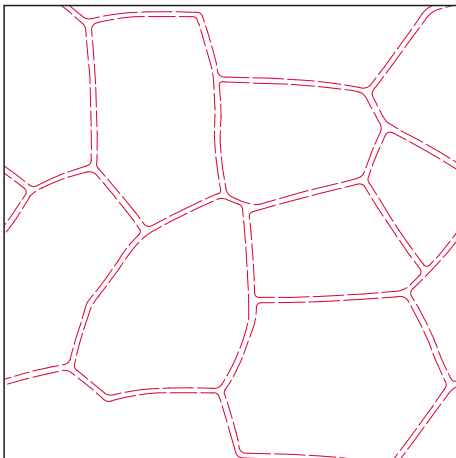

UT-2S Runningbond
7.5x3.375x.5

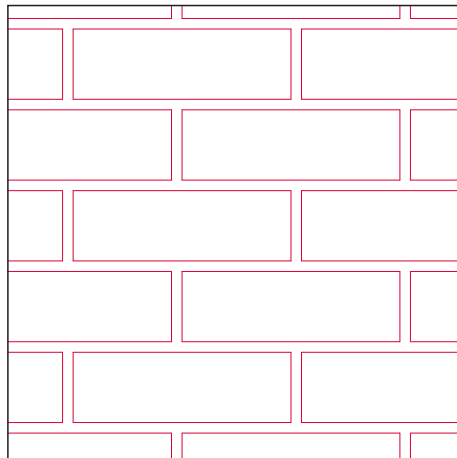

UT-4S Basketweave
8x3.75x.5
